EXPERIENCE

IT PROCUREMENT & TECH CONSULTANT

Tridel | 2018 - Present

Making an impact, by bringing procurement to the forefront of IT operations, as supply chain was constantly overlooked. I grant and manage the entire RFP process from requirement gathering to facilitating roll outs. Create Power BI dashboards to improve executive visibility on expenses.

DISPATCH SPECIALIST

Fleet Complete | 2018

Implemented on an (LMS) Technician Training Platform to provide standardized information and practices. Technicians increased onsite productivity by 35% and we managed to decrease training costs within 8 weeks of implementation.

TECHNICAL SUPPORT SPECIALIST

Fleet Complete | 2017 - 2018

Resolved bugs and issues faced by clients during BETA software releases. Identified a need to accommodate international expansion and make sure information provided to all our technicians will be universal. Successfully presented an LMS solution to senior executives.
